## • Cocktail Challenge

## • Taste of the Vine

Here at the Events & Awards we appreciate fine wine & good company. Our wine tasting events are designed to test your natural tasting abilities and provide you with tips to consider when buying. "Vichy Vine" challenges you to identify wine from sight, smell, touch and taste. "Taste of the Vine" is a gourmet private dining experience with specially selected wines to accompany each of six sumptuous courses.

## • Master Chef

Fancy yourself as a chef to impress? In the Master Chef Gourmet Challenge you'll feel the heat alongside your friends and colleagues. Under the guidance of our professional chef, each team will prepare a course for your private lunch or dinner. Teams cast their votes to determine the Master Chef, the deciding vote falls to our resident professional.

## • Get Malted

Whether all whisky tastes the same to you, or you appreciate the subtle differences in Malts that derive from Lowland and Highland Glens, you'll love Getting Malted. Competing in teams you will be challenged to apply your new found knowledge whilst sampling the world's rarest whisky. Alternatively, try gourmet private dining with a dram of specially selected whisky chosen to compliment each of your delicious courses at Dinner.
